Teka moves to a permanent home!

by Nathan Sloan

The shelves are in and all that remains are the final pieces of equipment to make Teka Illumination's new home complete.

That's right, Teka Illumination has relocated once again! We moved once already from our digs on the Central Coast to our little corner of heaven in B-K's machine shop. Knowing full well "the corner" was not Teka's final resting place, we have once again picked up our facility and moved right next door!

In Templeton, CA, we had about 5,000 square feet of space, including offices. When we moved to our "corner," we decreased in size to about 3,000 square feet. Our new space

now comprises of about 6,245 square feet including office space.

Teka has been able to shift things around, re-look at assembly and is developing a flow of material through the plant. This will make for easier processes and faster build times. Everyone at Teka is very excited to be in our new facility and we look forward to continuing to serve our customers with the highest regard for quality. **T**

Teka and Carmel Plaza... a winning combination

With an unmatched location in the heart of beautiful Carmel-by-the-Sea, Carmel Plaza is a three-level, open-air specialty center serving this affluent community on the Monterey Peninsula. This upscale setting is complemented with the wide array of Teka fixtures. **T**

Arcade Catalog 2nd Editions now available!

The 2nd edition of the Teka Arcade Catalog is now available! Features include updated LED info and a comprehensive guide on how a natural copper fixture will patina in different environments. Your office copies will ship shortly. **T**

CUSTOM CORNER

A bright idea for Dark Sky...

This month's Custom Corner shows the versatility of the Teka product line. Simply by adding a copper band in the window area of this CWM, the fixture is now Dark Sky compliant. Not only is it Dark Sky compliant, it also uses an energy saving light source, a 18W compact fluorescent lamp.

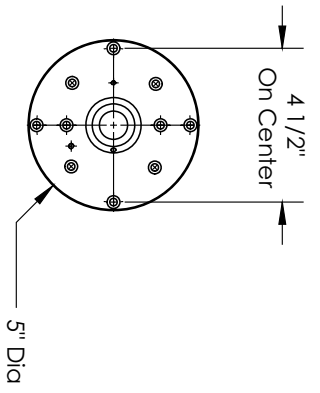

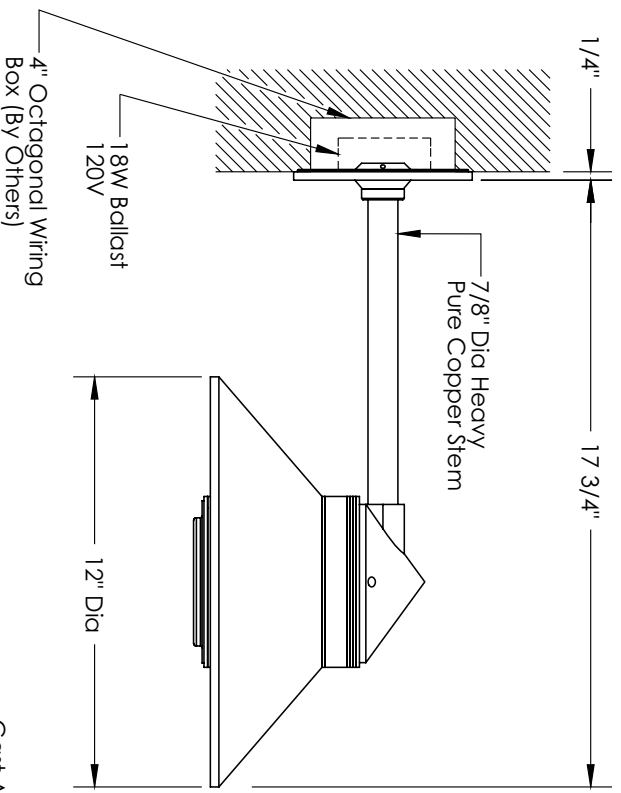

Custom#: 1923-39
Project: Ratna Ling Retreat Center
 Cazadero, CA
Sales Rep: NRG Sales
